Look at the Label

We have come to the conclusion that it is unfair to keep a subscription to the paper running for years, and that it is far better to cut subscribers off when the time to which they have paid has expired; and that is one reason we have sent accounts to all our list. When we get the list straightened out to the satisfaction of every subscriber, we will one week before their subscription expires notify them of the fact, and if a renewal is not received, their names will be taken off the list. We are compelled to take this course for another reason, also, and that is that the price of paper is becoming almost prohibitive. Read the label on your paper, and if it is not correct let us know at once, when it will be fixed. Mailing list will be corrected to Saturday of each week in future, so that everyone can know exactly where they stand.

Rainy Creek Items

The Carritt school opened for the fall term last week with Mr. Donaldson as teacher.

Mrs. J. B. Dane visited friends south of Sylvan Lake a couple of days last week.

EGOTISTS

There are two distinct classes of egotists: the healthy and the introspective. "The ideal of Germany," wrote a German professor, "is a healthy egotism." That is to say, a healthy egotism is one that ruthlessly subordinates everything and everyone to its own interests. It is the converse of introspective egotism; it proceeds out of the consciousness of power and introspective egotism proceeds out of the consciousness of weakness. Napoleon grew introspective on St. Helena; before Waterloo his egotism was not in the least introspective. The introspective egotist feed on him self, the healthy egotist always gorging on others.

There is really no use in preaching to the healthy egotist. The only corrective for him is misfortune. When the power that nourishes his gluttony is broken, it does not much matter whether his egotism sickens and dies or survives and becomes introspective.

It is possible to feel sorry for the introspective egotist, even if he is an irritating person and creates an atmosphere of unhappiness. His trouble is that he allows him

self to suffer under a sense of inferiority. It is one thing to be conscious of inferiority, mental, physical, financial, any other kind; but it is another thing to suffer acutely under such a consciousness. The introspective egotist is morbidly sensitive, always imagining slights and nursing grievances, fretful because people do not take him at his own secret valuation of himself, despondent in outlook and depressed by trifles. Fresh air and vigorous exercise may be prescribed for him with usually good temporary results; but what he needs above all else is to take an interest in other people instead of thinking and wondering how much interest other people take in him.

Talks at Random

When Mr. J. C. Watters, president of the Dominion Trades Congress, made the statement that the banking interests of Canada, along with certain well known public men, are the power behind the conscription bill, for the purpose of coercing labor after the war, he is talking at random and in such manner as stamps him an unfit person to serve as a counsellor and guide for the forces of labor.

The man who says conscription is unnecessary and that if certain other matters concerning the welfare of the soldiers and their dependents were attended to there would be plenty of enlistment by voluntary methods, is either ignorant or is wilfully misrepresenting the situation for ends that are more selfish than patriotic. Either there must be conscription or Canada must be content to drop out of the fight.

Possibly Mr. Watters would be satisfied to see this happen; his conduct would so indicate. At any rate his statement quoted above is unworthy a man of intelligence. Capital and labor in Canada will never come very close together so long as men of the Watters stamp are in control of either one side or the other.

There are no doubt many occasions when labor is justified in its suspicions of the moves of politicians and capitalists, but not by the wildest flight of imagination that this is said to be one of them. And we have an idea Mr. Watters knows it but prefers to talk the other way because he does not like conscription and is anxious to do everything he can to make it unpopular with the people.

Gin Pills

Succeeded Where
Operation Failed!

"During August last I went to Montreal to consult a specialist I had been suffering terribly with Stone in the bladder. He had decided on an operation and was assisted by another doctor. They said the chances were very slim. I was a bit of a sceptic and too hard to crush and they could not take it. I was recommended by a friend to try Gin Pills. I bought a box and found relief from the pain at once. I did not expect that they would 'let me off' the stone on the spot, but to my great joy I passed the stone on the spot and am now a well man and very happy."

Captain Tett Dies In England

We take the following from an eastern paper. Capt. Tett was a brother of E. J. Tett, for many years Secretary-Treasurer of Lacombe.

"Captain Arthur Hopkins Tett who left Kingston as adjutant of the 253rd Queen's University Highlanders under Lieut.-Col. P. G. C. Campbell, died on Monday at the home of his cousin, George Poole, Meade Farm, Cruckern, England.

The late Captain Tett was the son of Mr. and Mrs. J. P. Tett, Newboro, and grandson of the late Benjamin Tett, who represented the riding of Leeds in the first Parliament of Ontario.

He was born on August 22nd, 1881. After spending two years less a month at the Royal Military College he was appointed signalling officer of the 3rd Canadian Mounted Rifles and went to South Africa. On his return to Canada he entered the Union Bank service and rose rapidly, finally going into the head office at Winnipeg. Leaving that position he went into business at Outlook, Sask., and left to go to Kingston shortly after the war broke out, the late Capt. Tett entering the service as adjutant of the 14th Regiment there. Later the Military Hospitals Commission was started and he was appointed in charge of that organization for Kingston and district.

When Lieut.-Col. Campbell was forming the 253rd Battalion, Capt. Tett was asked to become adjutant and the appointment proved a splendid one.

The survivors are his parents in Newboro, his wife and daughter who live on Union street, Kingston, and three sisters and three brothers as follows: Mrs. R. J. Gardiner, Bagot street, Kingston; Mrs. Buswell Baker, Winnipeg; Miss Honor Tett, Royal Victoria Hospital, Montreal; Edmund Tett, Newboro; Benjamin Tett, Bratton, Sask.; and Captain R. Preston Tett, quartermaster Queen's Field Ambulance, Kingston.

Great Shrinkage Of Live-Stock.

Toronto, Sept. 5.—The great gathering of agriculturist and transportation men at the mid-day luncheon at the Canadian National exhibition today, was featured by several important speeches and the first speaker, Geo. C. Martin, former chairman of the eastern Canadian association, made a strong attack on government ownership of the railways. In the course of his remarks, he said:

"Public ownership tends to incompetence all around, kills initiative and there is no incentive for work or invention under such ownership."

Dr. G. C. Creelman and Dr. J. G. Rutherford, who is at the head of the Canadian Pacific farms in Canada, numbering 200 intro-

duced as the "Biggest individual farmer in Canada," by vice-president T. R. Russell, who presided, delivered addresses and were continuously applauded. Dr. Rutherford said it was about time Ontario cattle breeders woke up to appreciation of western Canada as a market for their best livestock, the best market in the world.

W. J. Black, commissioner of agriculture for Canada, delivered a fine address, in which he stated that prices of meat products would remain high after the war. He declared that Canada would send two hundred million bushels of wheat to the allies this year. He referred to the sight of 150 boys assisting in the stock judging competition at the exhibition as one of the most hopeful for the future and the welfare of the whole Dominion. Since the outbreak of war there were 28,000,000 less cattle; 500,000,000 sheep and over 30,000,000 less hogs. The result would be that in the years after the war, the price of meat products and livestock would still remain high. The farmers were not receiving prices out of proportion when compared with prices of other products which the people were buying.

Stettler Waitress Commits Suicide

Stettler, Alta., Sept. 7.—Madge Wilson, who has been waiting table at the Royal hotel here, took a heavy dose of carbolic acid at 2 o'clock yesterday afternoon. She was rushed to the General hospital, but in spite of everything that could be done, she lived only about an hour. No cause for her suicide is given.

Resignation of Deputy Minister

Edmonton, Sept. 5.—D. S. MacKenzie, deputy minister of education, has resigned from that important position to become bursar of the University of Alberta.

The appointment of bursar was made yesterday at the first meeting held of the board of governors of the university. The board includes Mr. Chief Justice Harvey, who was appointed chairman, Judge H. C. Taylor, A. A. Carpenter, Dr. Sisley and L. M. Johnston.

The position of bursar was made vacant by the resignation of Mr. Kenneth Ashworth.

Mr. MacKenzie has been associated with education in Western Canada since 1903, when he was chief clerk of the department in the territorial government. In 1905, when the province was created he became deputy minister of education and has held the position with credit and distinction ever since.

No appointment has yet been made for deputy minister, though one will be made at an early date.

WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body.

In perfect health we hardly realize that we have a network of nerves, but when health is failing, when strength is declining, the same nervous system which gives the alarm in headaches, tiredness, drowsiness, irritability and unless corrected, leads straight to a breakdown. To correct nervousness, Scott's Emulsion is exactly what you should take; its rich nutrient gets into the blood and rich blood feeds the tiny nerve cells while the whole system responds to its refreshing tonic force. Lacombe Presbytery

The following motion, proposed by Mr. Young and seconded by the clerk, was unanimously adopted, and it was agreed to forward a copy of same to all the newspapers within the bounds of Presbytery—

"Whereas our men at the front are making such tremendous sacrifices in advancing the allied cause, and in view of the necessity of mobilizing all our available resources in men and money to the end that our advance may be maintained.

"We, the Presbytery of Lacombe, desire to record our approval of the 'Military Service Bill' as now necessary for the successful prosecution of the war.

"We further urge a more rigid measure of conscription of wealth.

"We also desire to commend to our people the desirability of observing the food control regulations to the end that our men at the front may be provided for."

Wetaskiwin, 1st Sept., 1917.

Sudden Death

On Saturday Ponoka citizens were startled to learn of the death of Mrs. J. D. Bright, she having expired suddenly while in the midst of her household duties. She had not been in the best of health for some time, but nothing of such a nature was anticipated. Death was pronounced as being due to heart failure.

Of a quiet retiring disposition, she will be missed by many who always found her a friend indeed.

Nancy Jane Russell was born on October 15th, 1850, and married J. D. Bright in 1869. Some fifteen years ago they moved to

Canada with their family, and have lived in Ponoka during these years.

Besides Mr. Bright, she leaves five children to mourn her loss—Harry, of Venus, Nebraska; Mrs. E. P. Wilcock, Le Grande, Oregon; Mrs. Geo. Allan, Chauvin, Alberta; and Edward and George of Ponoka. George and W. T. Russell are brothers.

Conscription is Law

Compulsory Military Service has become the law of Canada. It will be accepted in most of the provinces, without any enthusiasm, but with a recognition of its stern necessity. The men who are called upon will, in many instances, have to make great sacrifices from a worldly point of view but they will reflect that it is the call of duty and must be obeyed. Those who have had no good reason for remaining at home, except their personal reluctance to encounter hardship and danger, will feel the bracing effect of legal compulsion and will be as fine soldiers as anybody else when once they have overcome the inertia which has hitherto held them back.

As for the noisy remnant who misrepresent the province of Quebec, they will be dealt with adequately in due time. Let us hope that a little further reflection will lead them to see that they, like all other citizens, must obey the call of their country. If they resist, if they carry out the threat of offering violent opposition to the draft, they will discover that the powers at the disposal of the government are greater than they seem to suspect.

It is evidently the intention of the government to proceed to the enforcement of the act without delay. Nevertheless the call for men will not be immediate. The setting up of necessary tribunals throughout Canada will take some time, probably several weeks. It will have to be done gradually and will, no doubt, be announced by proclamation in the various military districts when those liable are required to come forward.

The system adopted in Canada is somewhat different from that of the United States. Over there, all men of military age had to register and from the list thus secured the selections are made. Here there is no preliminary registration but all men in the community, if within the stated ages and classes, are simply considered as soldiers and will have to go unless for some reason they are exempt. The Canadian plan is simpler and in practice is likely to prove just as effective.

Do colds settle on your chest or in your bronchial tubes? Do coughs hang on, or are you subject to throat troubles?

Such troubles should have immediate treatment with the rare curative powers of Scott's Emulsion to guard against consumption which so easily follows.

Scott's Emulsion contains pure cod liver oil which peculiarly strengthens the respiratory tract and improves the quality of the blood, the glycerine in it softens and loosens the tenacious mucus of the throat.

Scott's is prescribed by the best specialists. You can get it at any drug store.

Mortgage Sale of Valuable Farm Property.

Under and by virtue of the Powers of Sale provided by the Land Titles Act, under a certain mortgage which will be produced at the time of the sale, there will be offered for sale by public auction at the office of John McKenty, in the Town of Lacombe, in the Province of Alberta, on Saturday September 15, 1917 at the hour of 2 o'clock in the afternoon, the following property namely:

The North-east Quarter of Section (8) in Township Thirty-nine (39) and Range Twenty-seven (27) West of the Fourth Meridian, in the Province of Alberta containing 160 acres, more or less, excepting mines and minerals, coal petroleum, natural gas, and valuable stone.

Terms of the sale to be 20 per cent. cash at the time of the sale, and the balance according to the terms and conditions to be made known at the time of the sale or on application to the Vendor's Solicitors.

The above property will be offered for sale subject to a stated reserve bid free from all encumbrances, save seed Grain Liens, if any, and taxes for the current year.

The Vendor is informed that the above property is situated about four and one half miles from Blackfalds, and that about Ninety (90) acres of the said land is open land, and could be easily cultivated. About Sixty-five (65) acres has considerable brush, and about five (5) acres is timbered. There is practically no low lying land on the Quarter Section.

For further particulars and conditions of sale, apply to Odell and Russell, Barristers, Wetaskiwin, Alberta, or John McKenty, Esq., Lacombe Alberta.

Dated at Wetaskiwin this 31st day of July, A. D. 1917.

Approved, L. R. Jackson, A. D. Registrar.

The new McLaughlin Light Six, D-6-63 is the ideal car for the man who wants the smooth, flexible power of a six-cylinder car at a popular price. This new McLaughlin is an improvement on and continuance of Model D-60. It is a more powerful car than its predecessor, and represents greatly enhanced values, with but a nominal increase in price to cover the increased size and additional features.

This McLaughlin model has more actual power and more proportional power than any car of its size—every 54 lbs. of weight. Gasoline consumption is very low, and cases are numerous where owners secured upwards of 28 miles on a gallon of gasoline.

Let us demonstrate this car to you.

Look at Address Label on This Week's Paper

This week we have corrected our subscription list up to date, and we think it is correct. However, there may be some mistakes in the dating on your label, and we would ask all our subscribers to take a look, and if they have not received full credit on their subscriptions let us know at once, when the necessary change will be cheerfully made. If there is a discrepancy come in and tell us first. Do not go to your neighbor and make a kick at us—he can't fix you up anyway, and perhaps has a kick of his own. If we have made any mistake we are here to make it right.

The Western Globe is putting its subscription list on a paid-in-advance condition if possible to do so. This accounts in a great many cases for parties receiving accounts which they are under the impression are not due, and may not quite understand. With over three thousand readers, we find that with the greatly increased cost of everything connected with the business it is imperative that we go on a cash in advance basis. It is only one dollar that is involved by the individual, and we are sure that there are not many who will object to this change. If your label on the paper bears the date Sept. 17, it shows that your subscription will expire this month. The date on your label is the date to which your subscription is paid, thus, Jan. 17 shows that your paper is paid to January 1917. All months and years are abbreviated in like manner.

All accounts can be settled at this office and we would again ask all who have any complaint to make to please make it to us as soon as possible.

Look at your label this week.

Western Infants Shoot Up a Town

Weyburn, Sask., Sept. 4.—Two young desperados, Melville Ross and Charles Pomeroy, aged respectively nine and eight years old, broke into the store of the Weyburn Hardware company last night, where they appropriated a couple of .22 rifles and several hundred shells and proceeded to shoot up a portion of the residential section. Broken windows and splintered doors at the home of Mr. R. Shultz, manager of the Union Bank, will entail the out-

lay of fifty dollars to repair, while at the home of H. A. Staveley, a bullet crashed through a window narrowly missing Mrs. Staveley and ended its career in a china cabinet, which was badly damaged.

They were tried in the juvenile court, and fined the costs of the hearing being bound over in their parent's bond of \$100 to be of good behavior.

DELCO-LIGHT

For the first time electric light and power are available to anyone—anywhere. Heretofore, the benefits of electricity have been confined to those who live in the larger towns and cities.

Now Delco-Light makes electric current universally available.

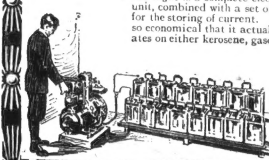

Delco-Light is today furnishing thousands of farm-houses with brilliant, convenient, safe and economical light.

It is furnishing power to operate pumps, washing machines, churns, cream separators, milking machines, vacuum cleaners, etc.

It is lighting country churches, stores and public halls.

It is furnishing light and power to summer homes and camps, to houseboats and yachts, etc.

Delco-Light is a complete electric plant—the engine and dynamo in one compact unit, combined with a set of specially built and wonderfully efficient batteries for the storing of current. The plant is so simple a child can care for it, and so economical that it actually pays for itself in time and labor saved. It operates on either kerosene, gasoline or natural gas.

It is lighting rural railway stations and construction camps.

It is lighting the camps of United States troops on the Mexican border, and it is disclosing heretofore undreamed-of beauties in the depths of Mammoth Cave, Kentucky.

Altogether, over 15,000 Delco-Light plants are in operation, and Delco-Light offices and service stations are to be found in almost every part of the world.

Must Abandon Laurier Or Our Troops

Winnipeg Free Press.
Liberals must "abandon either
the leadership of Sir Wilfrid Laurier

or the boys in the trenches,"
is the conclusion come to by that
stalwart Liberal paper of the
prairies, the Winnipeg Free Press.
"There is no other course" be-
cause Sir Wilfrid has "rebuffed"
at least fifty influential Liberals
who pleaded with him not to dis-
rupt the Liberal party, and be-

cause "Sir Wilfrid is against con-
scription, now or in the future,
and even with regard to voluntary
enlistment he will give no pledges
and make no specific engage-
ments."

The editors of the Winnipeg
Free Press are very sincere cham-
pions of "Liberalism," and they
have been very warm supporters
of Sir Wilfrid Laurier. Nothing
but an absolute conviction that
the course which Sir Wilfrid is
now pursuing is radically wrong
would make them part company
with him, and at that the parting
must be painful.

But the Laurier lukewarmness
—except in orations—toward
Canada's part in the war, the
Laurier refusal to give pledges
"even with regard to voluntary
enlistment," are more than can
be stomachached by the staunchest
Liberal who places his country
before his party.

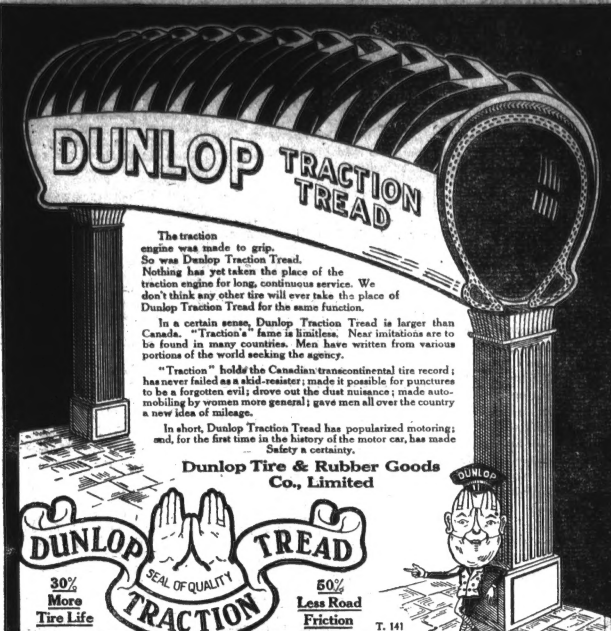

The Laurier attitude is, as the
Winnipeg Free Press says, an
"impossible" one to all but those
who have the temerity and the
foolishness to ask: "Shall we
ruin ourselves for England?" in
relation to Canada's attitude to-
ward this war in which Canada
is involved perhaps to a greater
extent than England.

The men who controlled the
western liberal convention thought
themselves very clever; they pur-
sued the old plan of deliberately
attempting to confuse the issue—
a plan that men could afford to
smile over when party politics
were not a matter of life and
death; but to the credit of such
great organs of public opinion as
the Winnipeg Free Press the trick
is to be exposed from the inside.

The "unconscionable liar from
Alberta," was but the mouthpiece
of a convention that was a lie
from start to finish—the lie of the
selfish and petty party politician.

Mrs. Jas. Reid Seriously Injured

While Mr. and Mrs. James
Reid, well known residents of this
district were crossing the railway
tracks near the freight sheds on
Saturday afternoon last, the democ-
rat in which they were riding
was struck by the east branch
local, south-bound, and they were
thrown out and more or less se-
riously injured. Mrs. Reid was
taken to the hospital, where it
was found that several of her ribs
were broken and other injuries
sustained, but at present writing
she is progressing favorably to
recovery. Mr. Reid, while badly
bruised, sustained no serious in-

The traction
engine was made to grip.
So was Dunlop Traction Tread.
Nothing has yet taken the place of the
traction engine for long, continuous service. We
don't think any other tire will ever take the place of
Dunlop Traction Tread for the same function.

In a certain sense, Dunlop Traction Tread is larger than
Canada. "Traction" is limitless. Next limitations are to
be found in many countries. Men have written from various
portions of the world seeking the agency.

"Traction" holds the Canadian transcontinental tire record;
has never failed as a skid-resister; made it possible for punctures
to be a forgotten evil; drove out the dust nuisance; made auto-
mobiling by women more general; gave men all over the country
a new idea of mileage.

In short, Dunlop Traction Tread has popularized motoring;
and, for the first time in the history of the motor car, has made
Safety a certainty.

JUST LIKE A HOUSECLEANING

Every room needs an occasional "Cleaning
up", no matter how carefully the regular
sweeping and dusting is done. Especially is
this true after any unusual event, a party, a
wedding or a quilling bee.

So it is with your body. No matter how
regular your habits or well cooked your food,
there comes a time when you don't feel just
right. You may recall an unusually hearty
meal or two, irregular hours, or eating some-
thing that "didn't agree with you", or it may
be just the "dust-gathering".

In any case a few doses of a really good
cathartic is all you need to put you right.
For this purpose nothing is quite so suitable as
Chamberlain's Tablets

Two or three after supper the first night, and one each night for two or three
days, and your digestive apparatus is just like the well-cleaned room. Every part of
your body is more vigorous, you go about your work with a new feeling and begin
again to enjoy life. Are these benefits not worth getting? You know they are.

And you need have no hesitation about beginning them for fear you must "keep
it up". The effect is just the opposite.

What a Farm Loan Means

A farm loan means progress.

It means possibly the start of a new home,
or new buildings, or increased stock and
implements.

Wisely expended, it means good profits,
added comforts and the certainty of future
independence.

If you see a chance to profitably buy

Word has been received that John Nicol, of Brookley, a member of the 2nd Royal Fusiliers, was killed in action in France some weeks ago. He had many friends who will be sorry to learn of his death.

To provide the entertainment at the Rex theatre on Thursday, (Red Cross night) "Mutiny" the newest Bluebird photo-play, has been secured. Lynn F. Reynolds directed the production and Myrtle Gonzalez, Val Paul and George Hernandez will be featured at the head of a large and skillful company. As its title would indicate "Mutiny" is a story of the sea, but there is a mutiny of love that means more to the entertainment than does the realistic rebellion on ship-board, which serves to fittingly climax the story in a most sensational manner.

Now is a good time for the Public Works Committee to get the roads in the town in shape for the winter. The rainy season is about over, and only a short time remains until the freeze-up. A little rounding up at the present time will save the expenditure of a considerable amount of money next spring.

Misses Ella and Minnie Storey leave Saturday for Calgary, where they will attend business college.

John Vig, of Bentley, one of our best known young farmers, who went over seas with a local battalion some months ago, is reported as having died from wounds last week. John Vig was a favorite with everyone in the Bentley district, where he lived, and leaves a large family of brothers and sisters to mourn his loss.

The donation of \$500 from L. I. D. 400 is acknowledged with thanks by the Canadian Patriotic Fund.

On Saturday at the Rex another thrilling episode of "Peg of the Ring" will be put on. It is getting more interesting every week and every episode is complete in itself. See it.

Holy Communion will be administered in St. Cyprian's church on Sunday morning at 8 o'clock. The Sunday school meets at 2.30 and Evening Prayer at 7.30.

The Rex is always getting good ones, and for next Tuesday have secured a Butterfly special "The Circus of Life," in which little Zoe Rae takes the lead. Zoe is a favorite in Lacombe, and every lover of juvenile acting will turn out—especially the children.

Tomorrow night, Red Cross night at the Rex, Mrs. Graham will have charge of the musical program, and Mr. Spencer Robinson, of Los Angeles, Cal., will sing two songs, "Believe Me, of All Those Endearing Young Charms" and "Mother Machree." Mr. Robinson is known to many in Lacombe as a vocalist of the first order, and his songs should prove a very special feature to-morrow night.

John W. Russell, school inspector for the Red Deer District, is in town this week. Mr. Russell was formerly located at High River.

Electric Lamps in all candle powers at Morrison and Johnston Ltd.

The world's greatest motion picture, "The Whip," will come to the Rex theatre, Thursday, Sept. 27th. "The Whip" is the most widely discussed photo-play in the country, being based on the greatest of all melodramas, which had a run of over two years in England, where the box office receipts eclipsed all existing records. The magnitude of this remarkable thriller is almost appalling when one realizes the many hairbreadth escapes shown in it.

If you want a Cole's Hot Blast Heating Stove see Morrison & Johnston, Ltd.

Mrs. Graham will resume her Red Cross work at the Rex on Thursday evening next, and will have charge of the musical part of the program. Mrs. Graham since taking up this work has turned in a splendid sum each week to the Society, and her efforts deserve the appreciation of everyone.

Ask to see our Round Oak Heating Stoves.—Morrison & Johnston, Ltd.

Red Cross knitters and sewers will meet at the home of Mrs. W. N. Morrison on Friday afternoon. Strangers, and all interested in Red Cross work are cordially invited.

There will be a Harvest Hard Times Dance at Ruby on Friday, September 14th. Good order and a good time assured.

French War Emergency Fund

A meeting was held in the Cornet on Thursday evening last, for the purpose of organizing committees to solicit subscriptions to the French War Emergency Fund, which is being raised under the authority of the French Government. The fund is for the purpose of aiding the aged, men and women, and the young children in the devastated parts of France recently wrested from the Germans. The Hung left everything in fearful shape in their retreat, and resorted to barbarities that would have made the ancient cannibal tribes blush with shame. Nothing was too inhuman for these fiends to resort to, and as a consequence the aged and young are at the present time left without means of sustenance. The allied governments are doing all they can to alleviate the suffering of these poor people, and a campaign has been inaugurated in all parts of the world to raise money for their care. It is hoped by the Lacombe committee that all our citizens will respond liberally to this S. O. S. call for aid. Donations can be left with any of the banks in Lacombe.

Chief of Police Miller Resigns

After eight years continuous service as chief of police in Lacombe, L. B. Miller last week tendered his resignation to the council. It was accepted, and applications are being solicited for the vacant position. It is the intention of the council to employ a returned soldier, if a suitable man can be secured. During the time Mr. Miller has been on the police force here, he has proved himself a faithful officer, and has always attended to his duties without fear or favor. Lacombe has the enviable reputation of being the most orderly town on the line, and we hope that whoever takes Mr. Miller's place will continue the good work.

The Ram Sale October 4th.

Entry forms for the Ram Sale under the auspices of the Lacombe Wool Growers' Association, to be held in Lacombe on October 4th, have been mailed throughout Alberta by Secretary Cameron, and the Association expects a record-breaking entry this year. The sheep industry is booming throughout Central Alberta, and more farmers are going into this profitable business this year. All arrangements have been made for the accommodation of the animals at the Exhibition grounds. The pure-bred Ram Show, held in connection with the sale, is on the same day, and all animals entered for the sale may compete without formal entry.

Who Must Register for Service

The present call for military service will be limited to men not in the schedule of exceptions, who were unmarried or widowers without children on 6th July, 1917, are at least twenty years of age, and were born up or since 1st January, 1883. Of this class, all those will be entitled to conditional exemption whose services in their present occupations, agricultural, industrial or other, are essential in the national interest, and whose business or domestic responsibilities are such that serious hardships would ensue if their services be required. Consistent scruples based upon a prohibition of combatant service by the articles of faith of the religious denomination to which men belong will also be respected. The men first required to serve will consequently be those who can be called upon with the least disturbance of the economic and social life of the country.

There will be a meeting of the Women's Christian Temperance Union in the Club room of the Methodist church on Thursday afternoon at 3.30. As there is important business to be looked after it is hoped that all who can will be present.

THE CHIEF CHARM OF LOVELY WOMAN

Soft, Clear, Smooth Skin Comes With The Use of "FRUIT-A-LIVES".

A beautiful complexion is a handsome woman's chief glory and the envy of her less fortunate rivals. Yet a soft, clear skin—glowing with health—is only the natural result of pure blood. "I was troubled for a considerable time with a very unpleasant, disgusting rash, which covered my face and for which I used applications and remedies without relief. After using 'Fruit-A-Lives' for one week, the rash is completely gone. I am deeply thankful for the relief and in the future, I will not without 'Fruit-A-Lives'."

Mortgage Sale of Farm Property.

Pursuant to the directions of the Registrar and by virtue of the powers of Sale provided by "The Land Titles Act," under a certain mortgage which will be produced at the time of the sale.

There will be offered for sale by public auction at the Post Office, in the town of Lacombe in the Province of Alberta, on Saturday the 29th day of September 1917, at the hour of 1.30 o'clock in the afternoon, the following property, namely:

South-East quarter of Section Nineteen (19), Township Forty-one (41), Range Twenty-four (24), West Fourth Meridian.

Terms of sale to be 20 per cent cash at the time of the sale and the balance according to the terms and conditions to be made known at the time of sale or upon application to the vendor's solicitors.

The above property will be offered for sale subject to a sealed receipt bid and free from all encumbrances, save the reservations expressed in the original grant from the Crown or the existing certificate of Title and taxes due to the present year. The vendor is informed that the above property is situated about 5 1/2 miles from the town of Clive and 18 miles from Lacombe and that there are about eighty acres under cultivation, thirty acres in swamp and 50 acres in pasture land. There is about one mile of two-wire fencing, the wire being attached to willow posts. There is a school within a mile of the property. There are no buildings on the said lands. For further particulars and conditions apply to Parlee, Freeman, Abbott & Mackay, Solicitors for the Mortgagee.

Dated at Edmonton in the province of Alberta this 16th day of July A.D. 1917.
Parlee, Freeman, Abbott & Mackay, Vendor's Solicitors.
Approved by A. D. Registrar.

DOCTORS' SHOES Anti-Septic, Non Persipiro Sanitary Shoe

Soles and uppers absolutely water proof, with a special sole construction to ensure an even temperature of the foot in varying weathers.

Uppers are of fine soft tan calf, leather lined throughout, linings and innersoles are treated with an antiseptic treatment which helps to keep the leather from decaying through perspiration. A central fibrous sole keeps the boot damp proof and first sole is stitched to welt, independent of the two outer soles so that one has to wear through three soles before the foot gets wet.

Don't forget the sale of work, baking, and plants to raise money for Xmas parcels for our boys at the front, to be held in D. Cameron's store (next to the Post Office) on Saturday, Sept. 15th from three to six o'clock. Tea will also be served in the evening. Come around after the show and help the good cause. All donations of baking, work or plants will be gratefully received.

Keep off the Track

How to keep automobile drivers from recklessly attempting to cross the track ahead of oncoming trains is one of the problems just now in the process of solving by operating officials of all rail ways.

During the past six months there have been several deaths in the West due directly to the fact that an automobile driver miscalculated the distance of a railway train from the crossing and also miscalculated the speed at which the train was running. There seems to be no law to stop this recklessness, and drivers do not seem to realize that it is fatal to try conclusions with a railway engine.

The number of accidents at country road crossings is growing as well as those within the corporate limits of towns and villages and how to stop it is something railway operating officials have not yet been able to answer. An engineer sees a motor car approaching a crossing at a speed that he knows will make a collision if continued by the motor car. The railway engineer cannot stop. Absolute recklessness is all this can be called. Even if careless drivers put no value on their own lives, they might think of and become responsible for the lives of those riding with them.

TOLLS THE KNELL
Washington, Sept. 7. Manufacture of whiskey will cease throughout the nation at 11 o'clock tomorrow night, when the prohibitive clause of the food act becomes effective.

Millions of bushels of grain which would otherwise be ground up for whiskey will thus be released for food.

"BE OF STOUT HEART"
"For all those reasons I ask you to be of stout heart. There may be many paths to climb, but we will climb them. Our footpaths may be stained with blood, but we will reach the heights, and

then in front we will see the rich valleys and plains of the new world."—Lloyd-George at Birkenhead.

TAKE ALL OUR STRENGTH
Birkenhead, Sept. 7.—"With the whole united strength of our people we will win," said Premier Lloyd-George. "But we shall only just win. It will need all our strength, so don't let us throw it away. It is a mighty foe which has set itself to destroy this empire and it will take all our strength to beat it."

THE BABY KILLERS
Mont Bellard, France, Sept. 7. German aviators are continuing to drop poisoned candy in this region. Some has been found wrapped in paper bags. Other poisoned sweets are in the form of chocolate cherries, wrapped up in lead coated paper.

Strict orders have been issued to prevent the consumption of this candy.

CUTS OFF 1,200 NAMES.
Kitchener, Ont., Sept. 7. The new franchise act introduced in the commonsense makes a clean sweep of 1,200 names from the voter's list of this riding. It was learned that a strong application was made to Sir Wilfrid Laurier today

to vigorously oppose the measure in the interests of the electors of North Waterloo, both in the commonsense and senate.

WHEN WAR WILL END.
Out at the front two regiments, returning to the trenches, chanced to meet. There was the usual exchange of wit.
"When's the bloomin' war going to end?" asked one north-country lad.
"Dunno," replied one of the southsides. "We've planted some daffydils in front of our trench."

"Bloomin' optimists!" snorted the man from the north. "We've planted acorns!"
